OLVERA COLLECTION

OLD WORLD CHARM

GRANADA TILE

EXPLORE OLVERA TILES

We hope you will explore the rustic- and organic-feeling tile of our **Olvera Collection**. Inspired by old stone and old terracotta, they are described using old Spanish names and have the look of natural stone colors that are found in nature. Old World charm ready to grace your busy world.

ENJOY.

Olvera Tile Basics

We have divided the tiles into 8 shape groups –

- ▶ Squares
- ▶ Rectangles
- ▶ Hexagons & Octagons
- ▶ Interlocking
- ▶ Other Shapes
- ▶ Diamonds & Triangles
- ▶ Arabesques
- ▶ Pickets

Combining all the tiles in the 8 groups, there are 68 patterns for you to choose from.

Each of these patterns come in a total of 29 colors: 19 solid colors and 10 fusion colors.

Each of the 29 colors come in 3 textures:

- Smooth – smooth in both look and feel
- Limestone – evoking old-world limestone
- Vecchio – looking weathered and lived-in from the start

Rectangles

Rectangles are another solid, comforting shape that appear in every aspect of houses and cities. Out of a simple shape it is possible to get enormous variation by rotating, overlapping, and nestling one rectangle against another. We have shown the simplest arrangements here for easy comparison, but you can do so much more with them in your projects. Each of these samples of rectangular tiles represents a 24" x 24" area. Tiles are available for order in any Olvera Color and Texture.

Solid Colors

Solid Colors are made from cement mixed with color pigments until the mixture is smooth and consistent. Batches of color vary slightly in hue and intensity, creating the natural, organic look so prized in the Olvera Collection.

Fusion Colors

Fusion Colors are made from a pigmented cement layer fused with one or more layers of color to create a unique fusion. No two tiles will look exactly the same but will blend harmoniously within a space.

Three texture options for every Olvera color – Shown here in Fusion Apricot –
