**COLORFUL TILES**

The surge of Spanish- and Moroccan-inflected tiles on the market means fantastic things for your floor. Be bold: Color and pattern under your feet aren't overwhelming the way they might be on walls.

**IDEA NO. 1**

**Free the tub**

Pull the tub away from the wall, and you gain a dramatic centerpiece. Most freestanding tubs need a little extra room for the drain and tub filler, so they work best in a larger bathroom.

**TOP TUBS**

Claw-foot tubs are just the start. Freestanding looks range from Zen to jaw-dropping (see the one carved out of a single rock).
